PART 1-ADJUSTMENT BUDGET

Mayor's report

The Mayor's Report is attached in annexure D

Resolutions

The Municipal Council resolved after Mid-Year budget Assessment that the Adjustment Budget, Service Delivery and Budget Implementation Plan (SDBIP) and the supporting schedule be approved on the 27 February 2017.

Background

Section 28 of the MFMA (Act no: 56 of 2003) Municipal adjustments budgets state that:

1. A municipality may revise an approved annual budget through an adjustments budget.
- 2) An adjustments budget-
 - a) must adjust the revenue and expenditure estimates downwards if there is material under-collection of revenue during the current year;
 - b) may appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for;
 - c) may, within a prescribed framework, authorise unforeseeable and unavoidable expenditure recommended by the mayor of the municipality;
 - d) may authorise the utilisation of projected savings in one vote towards spending under another vote;
 - e) may authorise the spending of funds that were unspent at the end of the past financial year where the under-spending could not reasonably have been foreseen at the time to include projected roll-overs when the annual budget for the current year was approved by the council;
 - f) may correct any errors in the annual budget; and
 - g) may provide for any other expenditure within a prescribed framework.
- 3) An adjustments budget must be in a prescribed form.
- 4) Only the mayor may table an adjustments budget in the municipal council, but an adjustments budget in terms of subsection (2) (b) to (g) may only be tabled within any prescribed limitations as to timing or frequency.
- 5) When an adjustments budget is tabled, it must be accompanied by-
 - a) an explanation how the adjustments budget affects the annual budget;
 - b) a motivation of any material changes to the annual budget;
 - c) an explanation of the impact of any increased spending on the annual budget and the annual budgets for the next two financial years; and
 - d) any other supporting documentation that may be prescribed

Executive Summary

The MFMA requires the accounting officer of a municipality to assess the municipality's performance for the first half of the financial year by 25 January of each year. Specific matters are to be reviewed and reported to the mayor of the municipality as well as National and Provincial Treasury.

The application of sound financial management principles for the compilation of the municipal budget is essential and critical to ensure that the municipality remains financially viable and that the municipal services are provided sustainably, economically and equitably to all communities

The adjustment budget is based on the consultation with various departments, expenditure trends for the past six months of the financial year. The critical review is undertaken and non-core and nice to have expenditures are eliminated with a purpose of improving on service delivery as the core function of the Municipality.

Revenue and expenditure projections are projected in such a way that it is consistent with current and past performance and it does not jeopardize the financial viability of the municipality (ensures that the financial position is maintained within the generally acceptable prudential limits and obligations can be met in a short ,medium and long term. The budget set out certain service delivery levels and associated financial implications.

The municipality will continue with its revenue enhancement project of implementing range of revenue collection strategies to optimize the collection of debt owed to the municipality.

Table B2 is a view of the budgeted financial performance in relation to revenue and expenditure per standard classification. The modified GFS standard classification divides the municipal services into 15 functional areas. Municipal revenue, operating expenditure and capital expenditure are then classified in terms of each of these functional areas which enables the National Treasury to compile „whole of government“ reports.

The above table detailed the revenue by source and expenditure by type. No adjustment was made for Service Charge refuse, Service charge other and Transfers recognized Operational. The following was adjusted.

Revenue by source

 ➤ **Property Rates**

Income from Property Rates has been adjusted upwards by 14 percent and to a rand value of R5 million. This adjustment was based on the result of mid-year performance assessment. The increase is because of the supplementary valuation roll that was implemented in the beginning of the financial year because information relating to it was received in June when the budget was already approved. For outer years it has increase by 5 percent respectively.

- **Rentals of Facilities and Equipment**

Rentals was adjusted downwards by 19 percent and a rand value of R48 thousand. The Municipality received more income on rental as at December 2016 because of upgrade to it facilities, therefore it has recommended the adjustment to this line item. For outer years, rentals will increase by 5 percent.
- **Interest Earned-External Investments**

Interest Earned- External Investments has been adjusted downwards by 26 percent and a rand value of R700 thousands. The has been a significant decrease from fund that the municipality keep on investment due to projects for drought relief resulting in decrease in funds keep as investment. For outer years, Interest on investments will increase by 5 percent respectively.
- **Interest Earned-Outstanding Debtors**

Interest earned-Outstanding Debtors was budgeted to be R7.3 million and was adjusted upwards to R7.9. The percentage increase is 8 percent. The reason for this adjustment is increase in long outstanding debtors. For outer years it will increase by 5 percent.
- **Fines**

Fines has been adjusted upwards by R700 thousand. This is based on the revised ticket for fines issued. The municipality has in the current financial year increased its fleet and thus improved its visibility thus improving on revenue in this department. Although the municipality has stated it will adjust downwards for fines in the mid-year report, the proper review of actual results shown great improvement compared to the prior year results. It has transpired that the traffic fines were not raised in the accounting system during the mid-year review and this has since been adjusted. For outer years it will increase by 5 percent.
- **Licence and Permit**

Licence and permit was adjusted downwards by R900 thousand. This is because there has been a decrease in the number of applicants for licence and permits when compared to the adjustment budget. For outer years it will increase by 5 percent
- **Transfers Recognised- Capital**

Transfers Recognised-Capital was adjusted upwards by R4 million because of additional funding from Department of Sport for rehabilitation of KwaMsane Sport field. There is a new project that was added for KwaMsane Sport field as a result of this grant. For outer years it will increase by 5 percent.
- **Other Revenue**

Other Revenue was adjusted downwards by 77 percent because of low revenue receive from different items of other revenue. This information is based on past six months performance trends and the anticipated revenue to be collected at year end.

Expenditure by Type

There were no adjustments made in Debt impairment and transfers and Grants. The following expenditure has been adjusted.

 ➤ **Employee Related Cost**

Employee related costs were adjusted upwards by 11 percent from R48 million to R54 million. This is because back pays that were made during this financial year, Car allowance that were not budgeted for and newly created vacant post for senior management. An agreement with the organised labour was reached and it has financial implications. Thus an adjustment was therefore necessary.

➤ **Remuneration to Councillors**

Remuneration to Councillors has been adjusted upwards by 13 percent. This is because of the recent circular for upper limits to councillors, which determines the remunerations of office bearers.

➤ **Depreciation and Assets Impairment**

Depreciation and Assets impairment has been adjusted upwards by 5 percent. This is because this line item was under budgeted for. The variance is also insignificant.

➤ **Other Materials**

Other Materials was adjusted downwards by 42 percent from R18.3 million to R12.9 million. This is because there was no major expenditure on repairs incurred in the first quarter and the acquisition of new fleet which does not need major repairs.

➤ **Contracted Services**

Contracted Services was increased by 9 percent from R18.8 million to R20.6 million. This is because of an increase in number of office bearers requiring bodyguard. This resulted in the need for adjustment.

➤ **Other Expenditure**

Other Expenditure was increased by 26 percent from R33.7 million to R45.3 million. This is as a result of high cost in other expenditure in the first half of the financial year. The major contributors to the increase are consultancy fees, disaster management relief, special programmes, subsistence and travelling and public participation adjustment was therefore necessary.

Capital Expenditure

The Municipality has decided to adjust its capital project as follows.

- **Executive and Council**
Executive has been decreased by R276 990 because of using transversal tendering for the purchase of office bearers vehicles.
- **Budget and Treasury**
Budget and treasury has been adjusted to zero because of cash flow.
- **Corporate Services**
Corporate has been increased by R100 000 because of additional computer equipment that are required.
- **Community Services**
Community Services has been decreased by R1 230 000 and the project cut is community assets-halls which was funded internally. This is because of cash flow.
- **Public Safety/ Licence and Permits**
There has been a decrease of R550 000, the project cut are speed camera and the motor vehicle. These projects were internally funded.
- **Roads**
Roads departments are the core for Capital project as significant portion of Capital Projects are budgeted in this department. Capital Project for Road department has been adjusted downwards by R3 468 993. The projects that were cut are Infrastructure roads, Indoor and outdoor gyms, kick about, water harvesting and other small projects. There is a new project for the rehabilitation of KwaMsane sport field because of department of sport grant that was received.
- **Waste Management/ Solid Waste**
Solid waste has been adjusted downwards by R1 150 000. The project cut as plant and equipment and motor vehicle. This was also done to boost the cash flow.

Although the Municipality has adjusted its Capex but it still in line with its Integrated Development Plan (IDP) priorities and Services Delivery Budget and Implementation Plan (SDBIP).

Financial Position
Current Assets

- Cash has been adjusted by R1 563 118. This based on the revised cash flow for the municipality.
- Investment Deposits has been adjusted upwards by R10 000 000. This is because of the fact that the Municipality will invest another 30 million in March.
- Consumer Debtors are adjusted upwards from R57 358 687 to R72 965 965. This is based on current debtors less debt impairment.

Non-Current Assets

- Investment Property has been adjusted R3 896 130 due to dismantling of KwaMsane tax rank and a reduction in value of other investment properties.

Current Liabilities

- No adjustment made in current borrowing
- Trade and other Payables has been adjusted downwards by R2 million because of high expenditure on conditional grants resulting in no anticipated unspent at the year end.
- No adjustment was made on provisions.

Non-Current Liabilities

- Borrowings has not been adjusted.
- Provisions has been adjusted downwards by R1.6 million. These result cashing of leave days for other employees that got promotion and resignation

Community Wealth/ Equity

- Community wealth /Equity has increase by 9 percent from R427 246 328 to R 471 970 272.

Cash Flows

The Municipality used an average collection rate for the past six months to adjust the income component of Property Rates, Service Charge-Refuse, Service Charge-Other, Rentals Facilities and Equipment, Interest Earned- External Investments, Fines, Licence and Permits and Other Revenue. All components of revenue were adjusted using different rates. An additional four million will be received for the KwaMsane Sportfield. In outer years the Municipality estimate a 5 percent increase respectively.

The Municipality Adjusted it's expenditure for cash items according to table B4 and estimate a 5 percent reduction on other line items of expenditure.

Payments for capital projects have been adjusted as per the increase or decrease amount for capital project.

The Municipality plans to keep a positive cash flow. Cash flow is broken-down on supporting Schedule SB15.

The municipality budgeted to end with a positive cash flow of R34.3 million.

PART 2- SUPPORTING DOCUMENTS

2.1. Adjustment to Budget Assumption

The adjustment budget was made on the assumption of the going concern basis. The Municipality used the historical information and past trends in preparing its adjustment budget. A zero based and incremental budgeting principles were incorporated in this adjustment budget. The Mid-Year Budget and performance assessment has also informed the adjustment budget because it has guided the Municipality and has assisted to detect projects that need to be cut and where opportunity for improvement is necessary.

2.2. Adjustment to Budget Funding.

- The adjusted Operational Expenditure is funded by Operational Grants and internal generated revenue.
- The Adjusted Capital Expenditure is funded by Capital Grants and Internal generated funds.

Break-down		Operational Expenditure	Capital Expenditure	Percentage
Operational Expenditure	Operational Grant	127 839 150		69%
	Internal Generated Funds	57 755 955		31%
				100%
Capital Expenditure	Capital Grant		46 787 850	85%
	Internal Generated Funds		8 485 160	15%
Total Expenditure		R185 595 105	R55 273 010	100%

- The sustainability of the Municipality is positive as shown in the positive cash flow throughout and the reserves are cashback.
- Collection level has been adjusted upwards to 10 percent. In rand value we budgeted to collect R25 867 585 and adjusted to R34 304 467 in total.
- An adjustment was made to investment that would be remaining at year end. This has been explained under table B6 on page sixteen.
- No Adjustment was made to contributions and donations because the Municipality doesn't have any.
- No adjustment was made for new loan because there is no proposal for new loan.

2.3. Adjustment to Expenditure on Allocations and Grants Programmes

- An adjustment was made on Capital Grants- Provincial Government
 - An upwards adjustment was made for an amount of R4 000 000 from Department of Sport for the rehabilitation of KwaMsane Sport field.
 - The municipality has not yet received the feedback for Energy efficiency and Demand Management grant because it has applied for the roll over for this grant.

The following table depict the above explanation.

- An adjustment was made on Councillors benefits due to application of upper limits.
- A downwards adjustment was made on senior management because of high vacancy rates in senior management.
- An upwards adjustment was made on staff benefits. That adjustment is 4.8 percent when compared to the original budget. This was as a result of back-pays.
- The above supporting table depict the adjustment made to councillors and staff benefits.

2.6. Adjustment to Services Delivery and Budget Implementation Plan.

- Due to adjustments made to all departments, The SDBIP of Departments and the consolidated SDBIP were also adjusted. The SDBIP will be attached as annexures.
